

Rifugio posto tappa Gta "Savoia"

Parco Naturale Alpi Marittime

Attribution : Il posto GTA Savoia (Archivio APAM)

The Casa Savoia refuge (GTA stopover) is located in Terme di Valdieri, in the heart of the spa area, at 1,368 meters above sea level. It is located along the itinerary of the Great Crossing of the Alps and is the starting point of numerous excursion itineraries.

Useful information

Category : Mountain Hut

Description

The Refuge offers its guests a bar service, refreshments and 24 beds divided into 6 rooms.

Continuous opening from the beginning of June to the end of September. During the winter period it is open every weekend (during the week by reservation for overnight stays in half board for at least 5 people) and continuously during the Christmas, Carnival and Easter holidays.

Winter opening is subject to road safety conditions and the avalanche situation.
