

Campeggio Il bosco

Attribution : L'ingresso del campeggio (Archivio APAM)

The small campsite is located in a quiet and panoramic position about 2 km from the center of Entracque. Il Bosco has 50 grass pitches (23 occupied by permanent guests) and provides toilets and showers with free hot water, bar service. The campsite is the ideal place to stop for access to the via ferrata, mtb routes and walks.

Description

Il Bosco was born as a campsite particularly frequented by hikers, mountain and nature lovers. Following this direction, in recent years it has chosen to expand its eco-sustainable tourism proposal with a riding stable and e-bike rental business. Its small size allows you to live a wonderful experience also because of the contacts that can be established with other campers but also with the managers who are always ready to welcome you.
