

Pas de l'Arpette

Vallée haute Vésubie - Belvédère

Le Pas de l'Arpette, la cime du Diable, le Capelet supérieur à la fin du printemps, le 16 juin 2005. Temps nuageux. (GUIGO Franck)

A tricky hike (800m of climbing), heading through the valley of Empuonrame. The end at Pas de l'Arpette (2511m) is one of the entrances towards the Vallée des Merveilles, from Vésubie. Plenty of effort and strong emotions are guaranteed from this hike.

Countet Bridge, the starting point for this hike, is located at the foot of Les Gravières and was where the legendary series "Belle and Sebastien" was filmed.

You will also go under the penstock which supplies the hydro-electric plant at Gordolasque.
